

The STREAMVAC™ internal dry vacuum system allows you to reach up to 10 metres without the need of ladders or other lifting equipment, and enables you to vacuum up dust and dirt in high level applications.

The STREAMVAC™ battery operated backpack allows free movement in and around locations where otherwise cables would restrict movement or present trip hazards. In addition to this, the battery operated backpack allows the operator to focus on the task in hand without the distraction of trailing cables.

An integrated hand control module allows instant on/off operation of the vacuum to save maximum power. The module also has a display showing battery reserves.

The modular carbon fibre pole sections are exceptionally light yet very rigid. These simply push into each other, creating a funnel effect, allowing reach up to 10 metres high. Various attachments can be fitted to the end of the poles supplied in the kit. The hose cuff of the vacuum attaches to any of the pole sections. Each kit is supplied with a half section too, for versatility of use.

The kit Includes:

- 36v cordless vacuum complete with two batteries and charger
- Easy access “fly-lead” on/off switch
- Comfortable shoulder strap and waist band
- Complete with accessory kit AA30E
- Battery charge LCD display
- ULTRALITE™ 32mm carbon fibre poles (three or six)
- Three dusting brush accessories.

STREAMVAC™ Internal Cleaning Kits

DVB-KIT-1-032

Internal dry vacuum and 32mm carbon fibre extension poles providing a reach of up to 18ft, complete with 3x internal dusting tools.

- 1 x STREAMVAC™ internal cleaning vacuum (battery)
- 2 x 6ft 32mm ULTRALITE™ modular carbon fibre poles
- 1 x 3ft 32mm ULTRALITE™ modular carbon fibre poles
- 1 x Round dusting brush 50mm
- 1 x Curved dusting brush 100mm
- 1 x Sidewinder vacuum tool 200mm
- 1 x Traditional floor tool kit
- 1 x Holdall for poles and attachments.

DVB-KIT-2-032

Internal dry vacuum and 32mm carbon fibre extension poles providing a reach of up to 34ft, complete with 3x internal dusting tools.

- 1 x STREAMVAC™ internal cleaning vacuum (battery)
- 6 x 6ft 32mm ULTRALITE™ modular carbon fibre poles
- 1 x 3ft 32mm ULTRALITE™ modular carbon fibre poles
- 1 x Round dusting brush 50mm
- 1 x Curved dusting brush 100mm
- 1 x Sideiwnder vacuum tool 200mm
- 1 x Traditional floor tool kit
- 1 x Holdall for poles and attachments.

Dusting Kits For Existing Internal Dry Vacuums

For use with an existing vacuum with a 32mm cuff

DV-KIT2175-032

Internal High Level Dusting Kit for 32mm vacuum hose, 5m reachnts.

DV-KIT4175-032

Internal High Level Dusting Kit for 32mm vacuum hose, 8m reach

DV-KIT6175-032

Internal High Level Dusting Kit for 32mm vacuum hose, 11m reach
