

Product Packages

www.streamline.systems

Featured Product Packages

STREAMLINE packages are designed and created to present a complete solution to your cleaning requirement. The range includes domestic window cleaning packages, commercial window cleaning packages, and high pressure packages.

Contents

Domestic Window Cleaning Packages

Pages 4 - 7

Filled with demineralising resin, these filters produce instant pure water for applications where a spot-free rinse is required, such as cleaning glass, windows, frames, conservatory roofs, solar panels, etc.

Commercial Window Cleaning Packages

Pages 8 - 15

These are more portable tank based packages, where the operator can take a bowser of water to the job required. Filtration is completed on-site right where you need it, making it easier for small commercial cleaning tasks.

High Pressure Cleaning Packages

Pages 16 - 19

Pressure Washing at height has a key part in all external cleaning regimes and in this current economic climate, with everyone vying for business and trying to draw custom in to their shops, outward appearances is everything. They say, 'you never get a second chance to make a first impression'. Here are some packages to help you.

MOBI SK07 Carry Kit

The **MOBI CARRY** filters have a comfy carry handle, which allows them to be carried to point of use, or even fixed to a vertical surface, i.e. Wall-mounted near a tap, or even fixed in a van as part of a system.

Filled with demineralising resin, these filters produce instant pure water for applications where a spot-free rinse is required, such as cleaning glass, windows, frames, conservatory roofs, solar panels, etc.

Recommended for...

The **MOBI CARRY** DI system is recommended for commercial users situated in a soft water area up to 150ppm. Suitable to produce 2,000 litres of pure water at 100ppm.

MOBI® SK09 Trolley Kit

The **MOBI® ROLL** Trolley kit is perfect for
wheeling around your **MOBI®** vessel with
ease, with a handle for pulling and a sturdy
frame to keep the vessel in place
when stationary.

Filled with demineralising resin, these filters
produce instant pure water for applications
where a spot-free rinse is required, such
as cleaning glass, windows, frames,
conservatory roofs, solar panels, etc.

Recommended for...

The **MOBI® ROLL** DI system is recommended
for commercial users situated in a soft water
area up to 150ppm. Suitable to produce 2,000
litres of pure water at 100ppm.

MOBI Midget Kits

The **MOBI® MIDGET** mobile reverse osmosis filtration system, for purifying water on demand in hard water areas.

- Compact stainless steel frame
- Easy change, pre-filtration and final polishing all on board to ensure spot-free cleaning
- Stainless hoselock-type couplings for long life
- Handheld Inline TDS meter for accurate water checks
- Battery powered trolley with charger

Where there is access to both water and mains power, the **MOBI® MIDGET** trolley will produce enough water and pressure for a single operator to clean up to 72ft. This unit is capable of producing up to 3.8ltrs per minute. The battery will run for 8-hrs consistently from a full charge and take up to 8-hrs to fully charge.

Recommended For...

The **MOBI® MIDGET** RODI trolley system is recommended for commercial users situated in a hard water area up to 500ppm

25 Litre Trolley System Kits

The **STREAMFLO® 25** Trolley System, mobile water delivery providing pure water on demand. Simply fill the container with tap water and it's ready to work, producing 0 ppm pure water on demand.

A commercial trolley built for the most demanding tasks, ideal for: professional window cleaners, contract cleaners, shopping centres, hotels, schools, hospitals, nursing homes, public houses, clubs etc.

The battery provides a full day's use (12 hours) and takes 5 hours to fully re-charge. The max flow of the system is 1700gpd (4.5ltrs per minute) with the pump working at 100psi. This system has a digital flow controller to adjust the speed or the pump, allowing the operator to save water.

Recommended for...

The **STREAMFLO® 25** Trolley System is recommended as a starter package, in soft water areas up to 150ppm. It includes all the tools you need to begin waterfed pole cleaning. Take the water to the window with the **STREAMFLO®** Trolley.
