

COMBI™ 325

Its compact design makes this unique product suitable for smaller van installations. With ingenuity and innovation combined into one system, the Combi™ 325ltr tank is the first of its kind.

The tank can be supplied with a 5-stage RODI filtration unit with lithium-ion battery technology, the design is totally unique to the window cleaning market.

The Combi™ tanks provide a safe and professional image to your van, and maximises van space.

An optional 17ltr solution tank is available if required

Features

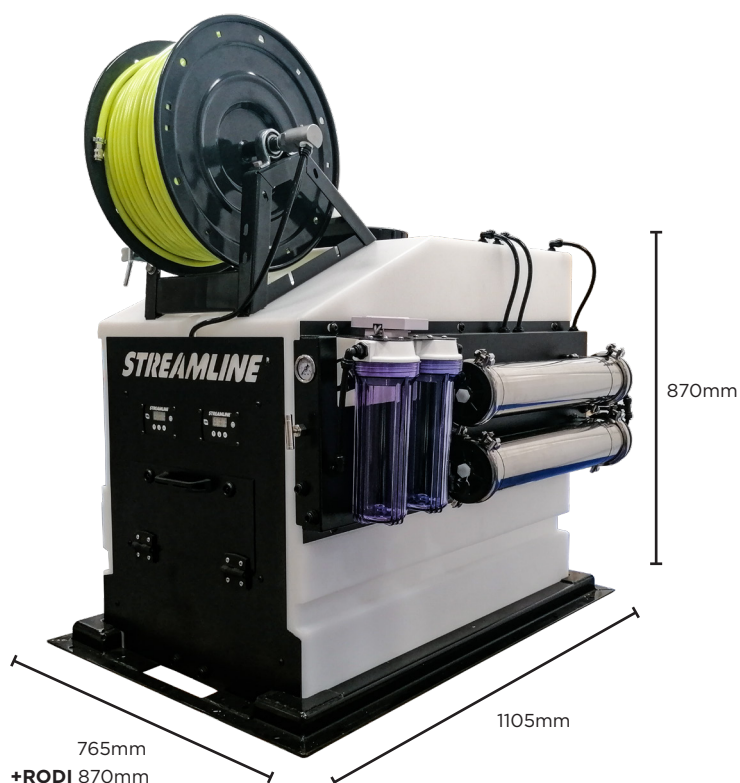

- Bespoke tank with baffles and Z-flange designed for van installations
- Can be fitted with RODI and twin pump and controller configuration
- Hose reel with 100mtrs of hose

RODI Version has the following additional features:

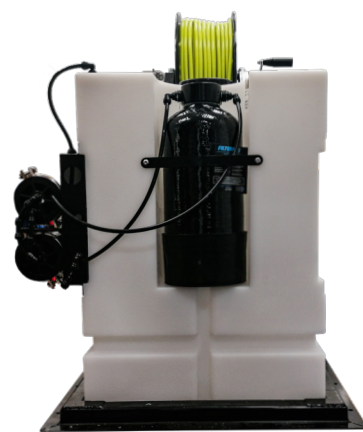

- Rechargeable lithium-ion batteries
- Twin pumps & digital V16 controllers
- Prefilters & twin membranes with flushing tap for efficient pure water production
- Inline dual TDS meter
