

STREAMVAC™ S7

PRODUCT CODE - WV-S7-230-051

The Streamvac™ S7 is a robust wet and dry vacuum built specifically for professional gutter cleaning tasks. Delivering 3600W of powerful suction and featuring a generous 77-litre drum capacity, it efficiently tackles heavy, wet debris. Its durable construction, oversized inlet, and dual plug compatibility (UK & EU) provide a dependable, plug-and-play solution for contractors throughout the UK and Europe.

Product Code	WV-S7-230-051
---------------------	---------------

This Kit Contains
1x Streamline S7 Vacuum
1x Power Cable, UK Plug
1x Power Cable, EU Plug
1x 7.5m Vacuum Hose with Metal Cuff
1x Metal Cyclone Shroud, 300mm Diameter
