

DRAGONFLY4-001

The STREAMLINE® DRAGONFLY® is the perfect answer to internal glass cleaning where the use of a ladder or other reach equipment is normally required, as it allows you to clean windows at height with your feet on the ground. With a simple pump system and reservoir filled with de-ionised water or a glass cleaner in a backpack and a microfibre pad on a swivel mop plate attached to a telescopic pole the DRAGONFLY® simplifies internal window cleaning forever.

Areas of use include car showrooms, stair wells and atriums in office blocks, schools, colleges, hotels, airports, shopping centres the opportunities are endless! Saving time, saving money...

The DRAGONFLY® 4 internal window and glass cleaning kit brings you the latest innovation from the STREAMLINE® range of high reach cleaning equipment. It is the simplest, safest and most efficient way to clean internal windows at height - reaching up to heights beyond 10 meters!

The DRAGONFLY® 4 does not rely on detergents or chemicals and yet cleans a multitude of surfaces, including windows, mirrors, cladding and stainless steel surfaces to a sparkling and spot-free finish. With a compact battery and pump combination mounted in the comfortable backpack, controlled by a simple switch on one of the lightweight XR™ poles the DRAGONFLY® 4 has proven to clean at height up to three times faster than traditional methods ... and safely from the ground.

- Environmentally friendly - no chemicals required
- Rechargeable battery - ensures the task can be completed without the worry of having to have spare batteries
- Compatible with the XR™ telescopic poles - so there are no modular pole sections lying around
- Can be fitted to any of the pole sizes from the XR™ range - reaching beyond 10 meters

The DRAGONFLY® can be fitted to any one of the STREAMLINE® telescopic poles and extra pole kits can be purchased to allow the DRAGONFLY® to be connected to various pole sizes.

NEW
DESIGN

WHAT DOES THE DRAGONFLY[®] 4 INCLUDE?
