

# Vivid™ 120

## Trolley System

**The VIVID™ 120 (120ltr) is an external applicator for fast surface distribution of sanitiser / disinfectant solution.**

This self-contained mobile unit with the use of VIVID™ 5 or similar, can clean, rinse and sanitise all water washable surfaces in no time at all. It uses a re-chargeable Lithium Ion battery and a 12v pump to draw solution from the 120ltr storage tank and feed it through a 6m chemical hose to the applicator lance.

### Ideal For Use on

- Play areas, children's parks and shop fronts
- High traffic pedestrian areas e.g building entrances, walk ways, external seating
- Shopping Trolleys
- Train Stations / bus stations / bus stops
- Car parks
- Many more suitable applications.

**Includes 2 x 5L of VIVID™ 5 Sanitiser**

with every VIVID™ 120 Trolley System. For use on COVID-19. 2 x 5 litres makes 100 litres of solution, allow minimum contact time of 5 minutes.

### Performance

- Can treat an area of 12m<sup>2</sup> per minute.
- One 120ltr fill can treat up to 900m<sup>2</sup> of surface
- 120ltr of solution will last on average 70 minutes before needing to be refilled.

**Think you could benefit from Vivid™?**
