

A roof lightweight and compact roof scraper attachment for the STREAMLINE<sup>®</sup> OVA8<sup>®</sup> pole. The design incorporates a quick-change head with a load and lock feature. This feature allows the user to swap out the blades when changing to a new roof tile type or if the blades have worn down. Made from stainless-steel, the roof scraper and blades are rust resistant and extremely durable. Consisting of a variety of different blades to suit the most roof tiles, the kit allows you to scrape moss and debris off a roof with ease.

### Features

- Suitable for the OVA8 poles
- Compact design
- Easy to swap the blades if required
- Multiple different profiles for different tiles
- Made from Stainless-Steel
- Robust / extremely durable blades
